- Positive outcomes from Plexaris wound healing pre-clinical model, involving manufacturing of Plexaris in-house by the Exopharm manufacturing team;

Please refer to the previous ASX announcements by the Company including those listed below for full details of the above developments.

Exopharm is a global leader in the exosome field.

However, we want to accelerate activities further. It is important to strengthen the Company’s balance sheet to enable further investment into both our core programs as well as other LEAP opportunities.

We believe that Exosome therapeutics represent a new drug modality for regenerative medicine and other applications. The company is focused on commercialising the LEAP Technology and continued investment into the Development Program.

ABOUT EXOPHARM

Exopharm Limited (“Exopharm” or the “Company”) (ASX:EX1) is an Australian regenerative medicine biopharmaceutical company seeking to develop and commercialise exosomes as therapeutic agents – initially a product called Plexaris™ and later a product called Exomeres™.

These products are exosomes that are derived from human platelets in relation to Plexaris, and adult stem cells in relation to Exomeres, and purified using the LEAP Technology and referred to as biologic products.

As its primary focus, Exopharm aims to be a leader in the field of human therapeutics using exosomes as regenerative medicine products for health span related conditions.

The Development Program: The Company’s main objectives for the next 12 months are to complete the following stages of its Development Program:

- manufacturing - make and supply clinical grade autologous Plexaris product and development of the Exomere manufacturing process;
- clinical use - initial small-scale human clinical studies of autologous Plexaris in wound healing and then additional clinical studies;
- supporting research and development activities - conducting research activities to support the ongoing Development Program and the development of related intellectual property; and

INHERENT RISKS OF INVESTMENT IN BIOTECHNOLOGY COMPANIES

There are a number of inherent risks associated with the development of biopharmaceutical products to a marketable stage. The lengthy clinical trial process is designed to assess the safety and efficacy of drug products prior to commercialisation and a significant proportion of drug products fail during this process. Other risks relating to patent protection and enforcements rights, obtaining necessary clinical trial and registration approvals. An Investment in companies specialising in drug development should be regarded as highly speculative. Exopharm strongly recommends that professional investment advice be sought prior to such investments.

MAXIMUM APPLICATIONS PER APPLICANT

Each eligible Shareholder who is not a Custodian may only apply for up to \$14,800 of Shares (i.e. 40,000 Shares). If a registered holder of Shares receives more than one offer under this Share Purchase Plan (for example, due to multiple registered holdings, including joint holdings), it may only apply for up to \$14,800 of Shares in total.

Accordingly, applicants must provide the Company with certification to the effect that the total of the application for Shares subject of the Application Form and any other Shares applied for by the applicant under a share purchase plan or similar arrangement in the 12 months prior to the application (including any Shares which the applicant has instructed a Custodian to acquire on their behalf under a share purchase plan including this Share Purchase Plan or similar arrangement) does not exceed \$14,800 (i.e. 40,000 Shares). Joint holders are counted as a single Shareholder for the purposes of determining entitlements. A joint holder who receives more than one offer under the Share Purchase Plan due to multiple registered holdings (including both sole and joint holdings) may only apply for up to \$14,800 of Shares in total.

Applications counted in determining whether the \$14,800 limit would be exceeded include application made through a Custodian or other nominee. The Application Form includes a statement that the acceptance by the Company of the application will not result in the applicant acquiring Shares under this Offer (or under any other share purchase plan of the Company or similar arrangement) with an application price totalling more than \$14,800 in the prior 12-month period. The statement also applies to applications made by BPAY.

CUSTODIANS

A registered Shareholder who is a Custodian holding Shares on behalf of two or more beneficial holders as at the Record Date may acquire multiple parcels with an application price totalling up to \$14,800 (40,000 Shares) on behalf of distinct beneficiaries, subject to compliance with the procedures and certification requirements set out in ASIC CO 09/425. In addition, where requested by the Company, Custodians must provide evidence satisfactory to the Company of distinct holdings when accepting the Offer under this Share Purchase Plan. Custodians must establish that the issue of Shares applied for on behalf of a beneficiary will not result in the beneficiary acquiring Shares under this Offer (or under any other share purchase plan of the Company or similar arrangement) with an application price totalling more than \$14,800 in the 12-month period prior to an application under this Share Purchase Plan.

Custodians must obtain a separate Custodian Schedule from the Company or the Company's Share Registry if they wish to accept multiple parcels on behalf of distinct beneficiaries. The lodgement of the personalised Application Form which accompanies this Offer may be treated by the Company as an acceptance by the holder named on the form and not as being made on behalf of distinct beneficiaries.

When requesting a Custodian Schedule from the Company or the Company's Share Registry, Custodians must allow time for the dispatch, completion and return of the form. Requests should be made to the Share Registry by telephone on 1300 288 664 (within Australia) or +61 2 9698 5414 (outside Australia) or in writing via email at corporate.actions@automic.com.au. Requests made on or after the fifth business day before the Closing Date may not result in the separate Application Form being received in sufficient time to allow for lodgement before 5:00pm Melbourne time on the Closing Date.

If you are unsure whether you are a Custodian for the purposes of this Offer, you should obtain independent legal advice.

EXCLUDED APPLICANTS

A Shareholder who alone or with its associates would obtain an interest in more than 20% of the issued voting shares of the Company may be ineligible to accept an offer under this Share Purchase Plan. The Company reserves the right to refuse an application if the applicant (alone or with its associates) would obtain an interest in more than 20% of the issued voting shares of the Company. The Company may amend any application received such that the applicant's interest alone or with its associates is no more than 20% of the issued voting shares of the Company. In the event that an application is adjusted, the Company will refund to the applicant by cheque without interest the difference between the application monies received by the Company and application monies payable for the number of Shares actually issued to the applicant.

Only Shareholders whose address in the Company's register of members is in Australia and New Zealand may apply. Regardless of their address in the register, applicant's resident in countries outside Australia and New Zealand should consult their professional advisers as to whether any governmental or other consent are required or whether formalities need to be observed to enable them to apply for and accept Shares.

Only applicants registered as a Shareholder in the Company's register of members at 7:00pm Melbourne time on the Record Date may apply.

Accordingly, this document does not constitute an offer of Shares in any place in which, or to any person to whom, it would not be lawful to make such an offer. Return of an Application Form or payment of application monies will be taken by the Company to constitute a representation by the applicant that there has been no breach of such requirements.
